**PYTHON 3**

### TRY IT YOURSELF

- ▶ Given a name, print 'Hi' if it's length is between 2 and 10. Else if the name is 'Adele' print 'Hello', or if it starts with 'Ada' then print 'Yo'. Else print 'Hey'.
- ▶ Hint: To find the length of the string use `len(your_string)`
- ▶ Hint: Experiment with `your_string[0:3]`
